

LIFE & CULTURE 1.0

LIFE & CULTURE 1.0

A drama and music event

LIFE & CULTURE 1.0 overcomes boundaries and offers new prospects for young people who find themselves in difficult stages of their lives!

What is LIFE & CULTURE 1.0?

LIFE & CULTURE 1.0 is a project during which young actors encounter bands and musicians and give rise to life&culture. It is a drama and music event produced and carried out by young people who are trying to find their position within our society.

Young refugees, young people suffering from mental illnesses and ten further actors develop an acting and music event within 1½ years. Afterwards, they are all going on tour – together with other famous artists!

Which side benefits does LIFE & CULTURE 1.0 bring?

LIFE & CULTURE 1.0 has a great therapeutic impact on young people! Moreover, it generates new jobs. Finally, we are trying to get people interested in and enthusiastic about social inclusion!

Direction:

Dirk Oskar Plate

- freelance actor, director, drama teacher
- lecturer on drama and direction
- communication and body language coach

Janna Marker

- Master's degree in sociology
- drama teacher
- communication coach

LIFE & 1.0 CULTURE

Bands:

The music for LIFE&CULTURE 1.0 is being composed by
(among others):

Liv Reinecke & Ulf Weinstock from PRADONIUM www.pradonium.de
"Simple silent sound" is onomatopoeically describing what's behind this project: feather-light piano melodies, silent, delicate piano and drum songs, shortly: piano & Drum=PRADONIUM.

Joachim Kremer, bassist of Assassin
<https://de-de.facebook.com/AssassinOfficial/>

The band is counted among the oldest, German thrash metal bands and it tours worldwide. They are playing progressive trash metal with anti-war and socio-critical lyrics.
Moreover, Joachim Kremer makes music for the Top 40 Band 6th Avenue and for many international music projects such as "Grease" "Rocky Horror Show", "Aida", "Miami Nights", "Starlight Express" and many more. On top of that, he is a highly gifted music teacher.

Cooperation partners for this project:
